The Betsy, an elegant and intimate boutique hotel

Ovni amidst the colorful Art Deco District buildings, this intimate, cozy 130-room hotel is one of the few survivors of the "Georgian Florida" architectural period.

We like: the casual refinement of the interior decoration and the jazzy soundtrack of the lobby, the minimalist comfort of the immaculate suites, the excellent healthy breakfast, the peaceful atmosphere of the *library room* and the rooftop pool where to savor Sunset cocktail in hand.

1440 Ocean Drive, South Beach, Miami Beach
